

AP300 5-Day Demo

To receive a demonstration kit, please read, complete, sign and email this form to Denise at dridley@ridleyengineering.com

How to use this form: This form is applicable for companies interested in an on-site self demonstration of an AP300 analyzer and accessories (AP300 Kit). Demos are available only within Europe. Once this agreement is processed, we will ship an AP300 Demo Kit to you via international priority air using the account number that you list below. You will have five business days to evaluate. At the end of the five-day period, return the AP300 Demo Kit via international priority to our UK office. To reserve an AP300 Kit Demo, please read the agreement and complete the form below. Email to DRidley@ridleyengineering.com. We will then respond with availability and timing.

The Agreement: Your company, as signed below, agrees to the following:

An AP300 Demonstration Kit will be provided to you for evaluation for a period of five business days. The start and end dates will be detailed on the enclosed packing slip. After five business days, return the AP300 Demonstration Kit via international priority to Ridley Engineering Europe in the same condition in which it was received:

5 High Street, Suite 226, Maidenhead SL6 1JN UK

The Demonstration Kit must be returned promptly, as it will be assigned to the next customer on a pre-arranged date. Late returns will be assessed a monthly rental charge of €2200 per month.

The AP300 Kit: The rental kit includes the following:

AP300 USB Analyzer IEC Power Cord with EU adapter

2 10-to-1 Receiver Probes 5 ft. Mini Grabber Source Probe

Manual, software CD, calibration certificate 2 Differential Isolation Probes

Injection Isolator & BNC Cable

Timing and availability: Once we receive your completed form, we will contact you by email with available dates for shipping. When we agree upon a given date, the shipment of the Demonstration Kit will proceed as scheduled.
